

From time immemorial kings and presidents and senators and congressmen and everyone else in high office have gotten gifts from admirers, ranging all the way from the biggest watermelon to the deepest deep-freeze.

You would have to be entirely without humor to suggest that every gift to a public official smacked of bribery. Even if a man can be "bought," he is certainly not for sale for a minor "gift."

The scandal that is threatening in Washington, if true, is something that these deep-freeze gifts are far out on the fringe of. The uproar over the deep-freezers has an element of humor, when considered strictly by themselves.

And some Washington wag turned the humor to practical use yesterday when he shipped Congressman Owen Harris, our Seventh District congressman, a dummy television set—merely an empty shell.

The donor sent a card explaining that the "gift" was from "The newly formed National Association Against Home Rule for the District of Columbia."—Mr. Harris happening to be a member of the House subcommittee which has kept the District bill indefinitely delayed.

"I," said the congressman, "have a pretty good idea who is pulling my leg." And he mourned the fact that it wasn't a real television set—just a dummy.

When you get down to net results, all these stories about the deep-freeze gifts are merely hand-ling the refrigeration industry a million dollars worth of free advertising. Back yonder the industry was reported overbooked. But by now it must be doing better.

Lonely Hearts Couple to Pay Full Penalty

New York, Aug. 18 (AP)—Plump Martha Beck and her lover, Raymond Fernandez, were convicted of first degree murder today in the lonely hearts murder case. The verdict carries a mandatory death sentence.

Both defendants received the verdict stoically. Fernandez stood erect, his face displaying no emotion. Mrs. Beck wept and her sobs were heard in the courtroom.

The verdict was announced by a jury that had been kept in session all night on orders of the court. The court set Monday for sentencing and defense motions.

Near dawn, the jurors, on duty since yesterday morning, asked permission to go to bed. However, the court said it would not be convenient to grant the request, and sent them back to their deliberations.

After the verdict was announced both defendants were instructed to sit down. Mrs. Beck stared at Rosenberg, her counsel, Herbert E. Brown, who glared at the still standing defense lawyer.

The jury was polled at the request of the defense, and each answered affirmatively when asked if it was his or her verdict.

The 10 men and two women had been in almost continuous deliberation—except for three trips to the courtroom during the night. The instructions from Supreme Court Justice Ferdinand Pecora completed his charges last night.

Mrs. Beck, 29, and Fernandez, 34, had no rest during the night. They were kept in cells in the detention pen in the courthouse.

Fernandez and Mrs. Beck were convicted of slaying Mrs. Page, 66, of Valley Stream, N. Y., in a scheme to fleece lonely women in mail romances.

The state charged that the killing was deliberate, and in his summation Edward Robinson, Jr., Nassau county, N. Y., assistant district attorney, told the jury the motive was "dead men tell no tales."

The verdict, at 7:30 a. m. (EST), came 12 hours and 34 minutes after the jury received the case last night.

Justice Pecora dismissed the jury with thanks. He told them they had performed "an arduous service, a highly responsible service, one that you have acquitted yourselves of with generous devotion."

Airforce Recruiter Now Located at Hope City Hall

Sergeant First Class Warren G. Short, non-commissioned officer in charge of the Hope Army and Air Force recruiting station announced today that he is set up and ready to do business at a new location in Hope City Hall.

The recruiting office was formerly located in the County courthouse.

Sgt. Short explained that he could process the papers on army and air force enlistments, the Women's Army Corp. Women in the Air Force, Cadets, and Officer Candidates. In certain instances such as Cadets, Officer candidates, and the women's components, it will be impossible to complete all of the papers at this station, but Sgt. Short added that he would be able to give complete information as to just what requirements are necessary for each of these services.

WEATHER FORECAST

Arkansas: Partly cloudy this afternoon, tonight and Friday; a few scattered afternoon showers in south portion; not much change in temperatures.

Six Plans for Reorganization Now in Bag

Washington, Aug. 18 (AP)—President Truman now has six of his first seven government reorganization plans in the bag.

The six will go into effect at midnight tomorrow, here probably will be no more reorganization action at this session of congress.

The senate late yesterday approved the final two plans about which there was any controversy.

One, reorganization plan No. 7, transfers the public roads administration, now in the general services administration, to the commerce department.

In both cases, the senate voted down resolutions of disapproval—on No. 2 by a 57 to 32 vote, and on No. 7 by 47 to 40. In both cases opponents would have been required to get a constitutional majority, or 49 votes, to have made the disapproval effective.

The reorganization act provides that a reorganization plan submitted by the President to congress will become effective 60 days after submission unless disapproved by either house.

The senate Tuesday handed Mr. Truman one of his severest setbacks of the session when it disapproved his reorganization plan No. 1 to create a new welfare department combining the functions of health, education and welfare.

The four other plans, in addition to Nos. 2 and 7, assured of becoming effective are:

No. 3—Providing for reorganization of the post office department at the top level.

No. 4—Transferring the national security council and the national security resources board to the executive office of the President.

No. 5—Vesting administrative authority in the chairman of the civil service commission.

No. 6—Vesting administrative authority in the chairman of the maritime commission.

Chairman Tydings (D-Md.) of the senate armed services committee, submitted after first seven, nullified when congress passed its own unification bill several weeks ago.

The bill paralleled the President's plan and the recommendations of the Hoover commission in most respects.

New Method to Make Woolen Clothes Washable

New York, Aug. 18 (AP)—Soon the girls can wash their wool sweaters, their monokies, wool socks, and next day expect to find both just as shapely as ever.

Woolen garments, shrinkage-controlled and washable, shortly will appear in department and specialty stores throughout the nation. At least, that's what Clute, Peabody & Co., promises us today.

The company says at last it has found the way to do for wool what it already has done for cotton and rayon. It calls the new non-shrinkage process for wool, sanforlan.

Garments to be offered for sale this fall include sweaters, socks, wool robes, men's wool sport shirts, slacks, women's skirts, infants' wear, and yard goods.

The Clute, Peabody firm pioneered in fabric shrinkage control 20 years ago when it sanforized cotton garments. It brought out sanforized rayon garments 18 months ago. And now it has sanforlan for wool.

Fire From a \$5000 Lighter Doesn't Seem to Make a Cigarette Taste Any Better

By ED CREAUGH
(For Hal Boyle)

New York, Aug. 18 (AP)—If you really can't decide what to get me for Christmas, there's a little doodad on display over at the Waldorf-Astoria that would suit me like a chestnut dressing suits roast turkey.

Not that I'm hinting, mind you. As a matter of fact I'm not sure what I am doing. I've just come back from that \$25,000,000 jewel show at the Waldorf and frankly, I'm flustered.

The American National Retail Jewelers, whose baby it is, says it's the biggest display of precious stones and a lot of nice stuff, held. Acres of diamonds. Bunches of rubies. Pearls by the peck.

In one word: Golly!

Anyhow, there I was, holding a cigarette and wishing I had a fellow held out a tricky little gadget touched a button and presto! There was a flame.

House Votes Slash in Arms to Europe Plan

Washington, Aug. 18 (AP)—The house voted tentatively today to slash European arms aid from \$1,160,990,000 to \$580,495,000 and cut off the program next June 30.

It was a stunning setback for President Truman's program for \$1,450,000,000 in arms help for western Europe, Greece, Turkey, Korea, Iran and the Philippines.

The action came after Secretary of State Acheson had warned that a cut might be interpreted as "indicative of suspicion and distrust or our allies."

The amendment to cut the European part of the program was offered by Rep. Richards (D-SC) and adopted by a teller vote of 172 to 137. There can be a roll-call vote on it later and the result may be changed.

Richards and those who backed him said the amendment would serve notice on European nations that arms help will end next June 30 unless they demonstrate determination to pull together as a term for mutual defense. If they do, he said, congress can give the rest of the money next year.

President Truman wanted the full amount to be available for use through June 30, 1951.

Washington, Aug. 18 (UP)—House opponents of President Truman's \$1,450,000,000 foreign arms program today offered amendments to make small, medium and large cuts in it.

Rep. James P. Richards (D-SC), offered an amendment which would make the largest reduction—cutting in half the \$1,160,990,000 earmarked for Atlantic pact partners under the program.

Rep. Jacob K. Javits (R-NY), proposed to authorize \$928,000,000 in cash and contract authority—\$234,000,000 less than approved by the house foreign affairs committee.

Rep. Laurie C. Battle (D-Ala.), proposed a \$100,000,000 reduction in the amount for the Atlantic nations.

Under Richards' proposal, the government would provide funds for the fiscal year ending June 30, 1950. The administration program contemplates deliveries over a two-year period.

"If you want a two-year program," Richards said, "let's all go for the first year, and then come back and take a look at the success of the program."

House Democratic leaders were confident they would knock down all attempts to reduce the program's size. But they conceded it would be a tough fight.

Rep. E. Mc Coo (D-Ga.), asked his Southern colleagues to go along with the full program.

But Rep. Joseph P. O'Hara (R-Minn.) said that if the program is approved congress will be saying to Russia, "This is war."

"Call it cold war, hot war or what you will," O'Hara said. "It amounts to the same thing."

The senate joint committee, meanwhile, continued hearings on the bill. Francis A. Bailey, representing the National Federation of American Shipping, Inc., asked for an amendment to guarantee that at least half of the arms sent abroad be carried in vessels of American registry at U. S. shipping rates.

Wyoming's Wells

The state of Wyoming has drilled 11,000 oil wells, has more than 100 producing fields in 18 of its 23 counties, and has produced more than 700,000,000 barrels of oil.

Experts Who Got Capone Seek Cohen

Los Angeles, Aug. 18 (AP)—The men who got Al Capone as being interested in the affairs of Los Angeles' little gambler, Mickey Cohen.

Income tax experts sent the Chicago gangster to prison in 1932 after efforts by all other law enforcement agencies had failed. They found a million dollars for which Capone had filed no return.

Now, federal agents are checking Cohen's tax returns—and comparing them with deals involving millions of dollars disclosed in secret recordings of conversations in Cohen's home.

"Unquestionably a lot of money passed through Cohen's hands," said Harry S. Westover, collector of internal revenue. "We want to know exactly how much stayed there, and we expect a study of these transcripts to help determine that for the period of time involved."

The recordings were obtained by secret installation of microphones by police while Cohen's home was being built two years ago.

Meantime, the city council ordered an investigation of why the police kept the recordings secret. "But there are 29 carat of diamonds and 30 carats of rubies and the setting is pure palladium," "Gosh," I said, "and the—ah—price?"

Miss J. looked elaborately casual. "Twenty thousand dollars," she said. "It's the most expensive handbag in the world. We've sold three just like it—one each in Memphis, Miami and Los Angeles."

Six Women Die in Flames After Wreck

Hopkinsville, Ky., Aug. 18 (UP)—Six women, including hospital officials and student nurses, died today in the flaming wreckage of their car in a three-way accident last night.

State police said the car in which the women were riding was knocked in front of a truck by another car being driven by Pvt. Marcus Barazza, Camp Campbell soldier, "at a high rate of speed."

The truck driver, Otis W. Merriman, Evansville, Ind., escaped although the truck and a load of new Studebakers were destroyed in the fire that enveloped them from the women's automobile.

Merriman said the gas tank on the women's car apparently exploded when it struck because it was burning when the car bearing the women careened in front of him.

The victims were identified as Mrs. Lucy Ropy, about 45, superintendent of Jennie Stuart Memorial hospital here for five years; her 15-year-old daughter, Ann Roper; Miss Maude Otts, about 43, a hospital business manager; Mary Ann Pryor, student nurse, of 1178 S. Orleans St., Memphis, Tenn.; Betsey Cason, 18, Hopkinsville, hospital secretary, and Mary Jefford, 19, Kvil, Ky., a student nurse.

Barazza and Pvt. Gabriel Quarta, a passenger in Barazza's car, were killed. Francis A. Bailey, representing the National Federation of American Shipping, Inc., asked for an amendment to guarantee that at least half of the arms sent abroad be carried in vessels of American registry at U. S. shipping rates.

Police said the women were returning from attending a picnic at Clarksville, Tenn., about 35 miles from here. Attending the picnic were other hospital employees and student nurses.

Third Girl Escapee Is Recaptured

Little Rock, Aug. 18 (AP)—A third fugitive who fled from the Arkansas military training school in Sunday's riot-inspired break, is back in custody.

Mrs. Fanny Goodman, school superintendent, said Jean Henney, 15, Little Rock, returned voluntarily yesterday. Two of the five inmates who escaped were captured Monday, and two remain at large.

Mrs. Goodman said the Henney girl went to a relative and had him return her to the school, 16 miles southwest of here in Saline county. She reported the two remaining fugitives, Juana Hall, 16, Texarkana, and Edith Ross, 16, England, once decided to return with the Henney girl but changed their minds.

Former state and county investigations of the Sunday riot, touched off by two alcohol consuming teenagers, are scheduled next week.

The Saline county grand jury will conduct an investigation at a meeting Monday. The Arkansas Democrat reported that the Saline county sheriff had seized whips, reportedly used to beat inmates, at the reformatory.

At a meeting of the training board yesterday, Governor McMath requested a study of possible changes "from the lowest job on up to the highest."

The board is to visit the school Tuesday accompanied by various state officials.

We're not going to make any scapegoats over this affair. Everyone is to blame and no one is individually responsible for the situation,"

SALLY'S VICTIM OF MEANEST MAN IN DETROIT—Sally Porrett, 7, is a victim of meanest man in Detroit, Mich. Sally, suffering from spastic paralysis since birth, was due to have cast her right leg and walk with a brace. But, someone stole the brace from her father's car. Sally is heartbroken because the brace is made of brass and will take weeks to have another made. Here she wistfully watches Patsy Kraft, 6, ride a tricycle. (NEA Telephoto)

Loan Increase Shows Stores Stocking Again; Expected to Give Boost to Manufacturers

Washington, Aug. 18 (AP)—Business loans appear definitely on the increase in volume. The gain is a sign that business men are stocking up on goods at last for fall and Christmas sales.

Finance officials here predicted today this uptrend will go on—perhaps some interruptions—right on up to Christmas itself.

The rejuvenating effects on the economy of increased inventory buying can be judged by the fact that the commerce department singled out a cutback in that buying as the prime cause of the 1949 dip in business.

A federal reserve board report showed an \$80,000,000 increase in loans to business men by lending city banks during the week ended August 10 mirrored a virtually country-wide improvement in business.

All districts shared in the expansion except the Cleveland district, where there was a \$7,000,000 downturn, and Boston, where the loan volume was unchanged, officials reported.

The big gains were \$38,000,000 in New York city and \$20,000,000 in the Kansas City district. At New York, the loan increases extended to a wide variety of business fields, officials said.

With business men ordering more goods to sell in turn to their customers' factories can be expected to step up operations and in some cases recall workers laid off when orders thinned or stopped.

Leon Keyserling, of President Truman's Council of Economic Advisers, said only yesterday that the country will have to get back to and exceed 1948 production levels to be prosperous.

Deciding increased production is easy and that the No. 1 problem is to lift consumption to the levels of productive capacity, Keyserling told a war veteran's luncheon:

"In the next ten years we must find ways to absorb 80 to 100 billion of additional goods unless we are going to be faced perpetually with rising unemployment and increasing under-utilization of our productive resources."

Without an expanding economy, a complete system of rationing is going to be faced perpetually with rising unemployment and increasing under-utilization of our productive resources.

Keyserling said the production incentive for a 5 to 4 percent increase in production annually the nation will suffer a 700,000-a-year rise in unemployment without any letup, Keyserling said.

The stimulus to production expected to prepare scripts for business orders for inventory purposes was expected to help toward bringing the 1,000,000 increase in employment Secretary of Labor Tobin predicted Tuesday will take place during the rest of 1949.

Claims Tokyo Rose Was Loyal to America

San Francisco, Aug. 18 (AP)—Mrs. Iva Toguri D'Aquino (Tokyo Rose) was described as a patriotic American by a chief defense witness yesterday at her treason trial.

Charles Cousens, former Australian army major, testified he was forced to prepare scripts for the "Zero Hour" broadcasts on radio Tokyo to U. S. troops.

Cousens said the Japanese were not pleased with the program, and he Democratic to the federal court jury how he instructed the defendant in the subtleties of verbal euphemism.

He told her, he said, that the word "enemy" could be changed into a barbed wire rather than a serious accusation.

Cousens, who was taken prisoner early in the war, told the court allied prisoners were beaten, mistreated, starved, even killed.

Hear Vaughan Before Judging Truman Asks

Little Sally Gets Her Leg Brace Back

Detroit, Aug. 18 (AP)—Little Sally Porrett's leg brace was too hot for a thief to handle.

It was stolen from her father's parked car after he obtained it from an orthopedic shop where it was made under a surgeon's prescription just for Sally. The brace was designed to enable the seven-year-old girl to walk normally for the first time since birth spastic paralysis had crippled her right leg.

Two small boys found the brace yesterday while playing in a vacant lot. The thief had torn open the package and tossed it into some bushes.

Pretty Sally is going to the doctor's office today to have a plaster cast removed from her leg and the brace fitted.

Her parents have promised her a red tricycle as soon as she learns how to walk with the brace.

Blames Congress for Housing Situation

Washington, Aug. 18 (UP)—President Truman today blamed congress for Housing Expediter Tighe E. Woods' decision to decontrol rents on 4,500,000 houses and apartments.

Mr. Truman, asked at his news conference about Woods' question, observed that congress did not appropriate sufficient funds for enforcement of the rent control law.

He said the administration had asked for a larger amount than appropriated for this purpose.

Woods has called in his regional experts for a series of conferences to help him decide where to decontrol the housing.

Housing officials said these conferences will last the rest of the week. On the basis of these plans and a list of "borderline" housing areas, Woods will determine what areas of the nation can be removed from rent controls more readily.

Woods announced in Cleveland yesterday that, because of congressional cuts in his budget, he has decided to decontrol one-third of the 1,000 counties and 13,500,000 housing units where rent ceilings are still in effect.

Housing officials said that the first wholesale decontrol order will be issued in a week or 10 days. They said the second list, completing the decontrol program, would be released around Oct. 1. The orders will be effective immediately.

Woods said in his Cleveland speech that sparsely-settled areas would be the first affected. He said that, in any case, he wants to avoid increasing rent ceilings on areas with an acute population of more than 100,000.

"The smallest communities will feel the effects first," he said. There are many such places along the East coast and West coast and in the southwest.

Housing officials said, however, that the decontrol orders would apply to areas in almost all parts of the country.

Woods' announcement came as a complete surprise, even to his Washington associates. In his prepared text of his speech to the Disabled American Veterans, he had made no mention whatever of rent decontrols.

It is not before leaving Cleveland Tuesday night, he ordered his staff to prepare a list of all rent areas where the housing supply appeared to be catching up with demand.

Housing officials said the president's "borderline" list that will help Woods decide what areas should be decontrolled.

Woods made it plain at Cleveland that his decision was prompted by congress' action in cutting his 1950 fiscal budget from \$28,000,000 to \$17,500,000.

Housing officials said the present staff would be reduced to around 3,000 employees. Among employees to lose their jobs, they said, are some experts in the field and some experts in the Washington office.

Mrs. Galloway to Address Church Group

Mrs. E. D. Galloway will be the "Guest Speaker" for the Springfield Charge at the Circuit-wide meeting on Sunday morning, August 21, at 11 o'clock at the Spring Hill Methodist church.

A "Pot-Luck" lunch will be served on the grounds following the morning program. All are invited to attend.

All "Apples"—peaches, oranges, pomegranates were referred to by them as "apples." They distinguished the fruits by the ancient Romans as "apples," the names of the countries where they were grown.

Outright Ouster Demanded By Probers

Washington, Aug. 18 (AP)—President Truman today asked the country to "suspend judgment" on Maj. Gen. Harry H. Vaughan until after his army side testified before the senate five percent inquiry.

Mr. Truman, at his news conference, directed his request particularly to reporters and editors, and said he was "not going to consider a reply to Mr. Truman."

There were indications that the testimony relating to Vaughan in private sessions might be made public.

Chairman Hoye (D-NC) is in North Carolina, leaving Senator O'Connor (D-Md.) as the ranking Democratic member of the group. But any action taken undoubtedly would have Hoye's approval.

Mr. Truman said the chairman of the committee members would consider a reply to Mr. Truman.

Reporters thus were unable to ask him about a Republican demand that a post-Vaughan's coordinators of veterans affairs.

Senator McCarthy (R-Wis.) voiced the demand that Mr. Truman fire Vaughan from the veterans affairs post.

That demand has been met, he said, as a Republican senator has done. He said he has the right to suggest that Vaughan be ousted from his other job as the president's army aide.

The President read rapidly today from a prepared statement, saying: "I am not going to answer any questions pertaining to the testimony that has been given by General Vaughan."

General Vaughan has already said that he will go before the committee and make a full statement on all matters with which his name has been connected.

The action of the chairman of the committee has done, that you gentlemen and your editors, in common fairness, suspend judgment on General Vaughan until he has been heard by the committee.

The President gave newsmen permission to quote his remarks.

U. S. Moves to Get Favor of Slavs

By The Associated Press
Premier Marshal Tito of Yugoslavia received assurance from the United States today that he can buy an American steel mill. His regime also may receive a loan from the World Bank.

Both developments would serve to strengthen Tito's hand in his dispute with the Moscow-directed Communist International Information bureau (Cominform).

That dispute has been going on for nearly 14 months and is getting warmer now. Czechoslovakia's communists, who are in good standing with the Cominform, have launched a big-scale propaganda campaign to destroy Tito's government. The drive was featured by the passing of resolutions among workers in Czechoslovakia factories and by proclamations issued in Yugoslavia by émigré groups resident in Czechoslovakia.

Tito's communist government was ousted from the Cominform last year because of nationalist deviations from what the Kremlin regards as orthodox communism. The other communist government of eastern Europe have claimed an economic blockade on Yugoslavia, but Tito has shown no signs of giving in to Moscow.

After months of consideration, the United States government has granted Yugoslavia an export license which she needs before placing an order for an American steel mill.

The American decision represents the strongest government action in Washington to help the Yugoslav dictator. Shipment of the steel mill, valued at \$3,000,000, would mark the first time since the war that the United States has deliberately sent "war potential" material to a communist-run nation.

Truman Ordered Sale of Mill—Washington, Aug. 18 (AP)—President Truman said today it was his order that the government grant Yugoslavia permission to buy an American steel mill.

He told a news conference that the National security council studied the matter and recommended letting Yugoslavia have the mill. They he said he personally ordered that it be sent.

The move has provided Yugoslavia's Marshal Tito with reinforcements to carry on his fight with Moscow.

Ouachita Head of Education Resigns

Arkadelphia, Aug. 18 —(P)—Dr. M. Witherington, head of Ouachita college's department of education for 15 years, has resigned effective Sept. 1.

He will become dean of the University of Corpus Christi in Texas. Dr. S. W. Eubanks, Ouachita president, said a successor to Dr. Witherington had not been selected.

Man Drowns in Little Rock Swimming Pool

Little Rock, Aug. 18 —(P)—Robert E. Davidson, 22, North Little Rock, drowned in a pool south of Little Rock early today.

His three companions, hurrying

back to Little Rock for help after they were unable to rescue him or to locate his body, escaped injury shortly afterward when their automobile plunged down a 12-foot embankment.

With Mrs. Nina Eubanks, George Penix and Edgar Davis, all of Little Rock, Davidson was swimming in a water-filled pit left by an abandoned mining operation. The others told sheriff's deputies Davidson was attempting to swim across the pool when he sank.

The body was recovered several hours later by firemen equipped with grappling hooks.

President Favors Ousting of Some States Righters

Washington, Aug. 18 —(P)—President Truman gave implied backing today to a decision of the democratic high command to bar some states righters from next Wednesday's national committee meeting.

Mr. Truman was asked at a news conference whether he approved plans of retiring Chairman J. Howard McGrath to close the door against some committeemen who did not support the Truman campaign last year.

He replied the national committee is in control of its own membership.

And he added, with a significant look at the newsmen, it is made up of Democrats.

Some authorities believe the Egyptian obelisks were really giant sundials.

DOROTHY DIX Suicide Via Boredom

Dear Miss Dix: I have become attached to a certain young lady, who has good looks, wonderful disposition, charm and fine sincerity of character. She is frugal, interested in housekeeping, loves children and would not doubt make a good wife and mother. But I am a college man, a professional man, interested in and fond of discussing intellectual subjects. This girl has little education, makes many mistakes in writing and is not the least interested in anything intellectual.

I have subscribed to magazines for her and she claims to read them, but she hasn't the faculty of understanding things intelligently and is deficient in original ideas. Would I make a mistake to marry a girl of her type? Should I say, "Well, she has 85 per cent of all the qualifications for making a good wife. Better take 85 per cent than to look unsuccessfully for a 95 per cent type."

Answer: You have your ratio wrong, Robert. A dumb woman has only 10 per cent of the qualities that go to make a good wife for an intellectual man and she lacks the 90 per cent essential ones.

It is suicide for an intellectual man to marry a dull and stupid woman. Just as soon as her physical attraction for him has dulled, she leads him to death. They have no real interests in common and they never achieve any companionship.

ship because she does not know what he is talking about half the time. There is no loneliness greater than that of two people who spend their lives close together in body, but miles apart spiritually. Don't bring that desolate fate upon yourself, as you surely will if you marry a woman who is not in your mental class.

The thing that makes marriage a success is congeniality. No fire-side is ever all if the husband and wife think the same thoughts, read the same books, are interested in the same things. No man ever wearies of the wife who is his best and most intelligent listener and who always hands him an entertaining and interesting line of conversation.

But thousands of men roam away from home because they are bored to tears in it and because they crave the society of women who can talk with them about something else besides the baby's milk and the price of butchers' meat.

If I were a man thinking about getting married, the main thing I would consider was whether the woman was my intellectual equal or not. For beauty fades. Dull women with few interests get peevish. But brains improve as they grow older.

DOROTHY DIX

Dear Dorothy Dix: We read every day about the poor woman whose husband is being lured from the straight and narrow path by his stenographer. What about the poor stenographer? We have worked for a number of men and have found them to be egotistical, selfish slave-drivers, critical of our appearance in the office, the expression on our faces and numerous other trifles that we are too busy to pay attention to. If their wives had to work as hard as we are expected to, take all the bawling out and give no answer but a sweet smile, they would all be in Reno. What the wives should do is to flatter their husbands more at home and give the poor working girl a chance to get her many tasks completed and not to have to spend her time telling the boss that is so hateful to her that soon will be in Washington as the head of the Nation's affairs.

THREE DISGUSTED STENOGRAPHS Answer: Right you are girls. It is when the lawfully wedded wife lets up on her job that the office girls gets in her innings. If she is a gold-digger or has the odious job of consoler added to her other duties.

The theory of so many wives that their husbands' secretaries are all love pirates bent on breaking up their happy homes and taking their husbands from them is so much hooey. Most of the girls have boy friends of their own from ten to twenty years younger than their employers and about fifty pounds slimmer. They are looking forward to dates with them, not to having supper with the boss.

They generally consider their employers fat, fussy old men who don't know how to dance and whose conversational line is a flop. Instead of envying their wives, they pity them. Thank goodness, they don't have to stand for those conceited tiresome old dodos after working hours.

You are right in saying the remedy for the wife-stenographer problem is for Friend Wife to give as good service as the stenographer in order to hold her situation. The stenographer knows well enough that she will be fired if she does not keep herself neat and tidy and if she does not do her work efficiently; if she does not accept rebuke and criticism with humility and without argument, and if she does not yes-yes her employer and laugh at the right place when he tells stories and feed him on the flattery for which he is so hungry and for which he begs.

Any stenographer who came to work looking slovenly and unkempt, whose work was sloppy and who "sassied" her boss and told him what she thought of him would lose her job before the week was over.

Any wife could keep her hus-

Sent Brannan on Tour Truman Replies Sharply

Washington, Aug. 18 —(P)—President Truman said today Secretary of Agriculture Brannan's stumping tour on behalf of his farm plan is being made at the President's request.

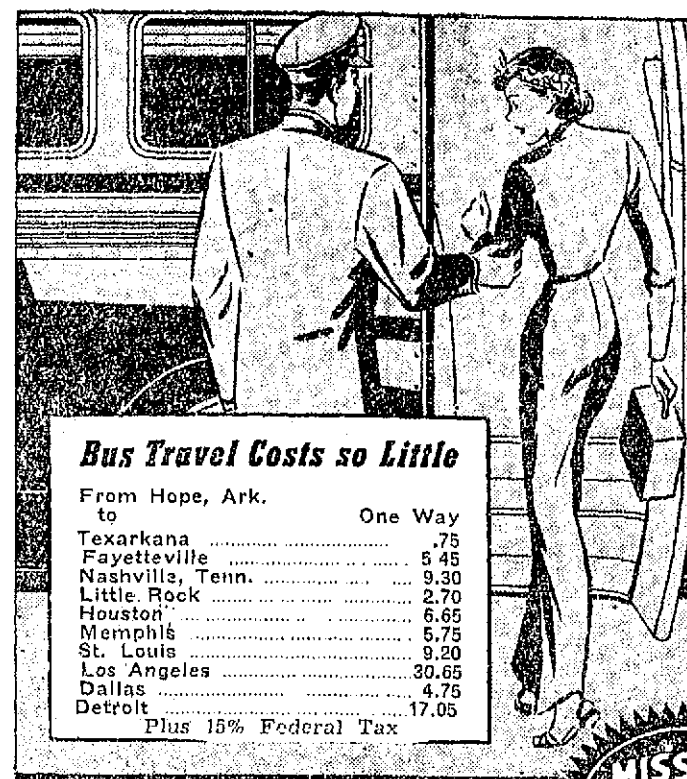

A reporter brought up the matter at Mr. Truman's news conference asking whether the President didn't feel that Brannan should be kept on his job here in Washington. Mr. Truman replied sharply that Brannan is available at all times and that he is making the speaking tour a this (the President's) suggestion.

Skunkville?

Keyser, W. Va. — (P)—This little city would like to know what it has that attracts skunks—a squadron of five skeseeing skunks pushed into the downtown area the other night. There was consternation, and a call went out to Police Chief Claude Martin. Armed with .22 caliber rifle and a flashlight, the chief firmly bagged three of the critters, routed the others. Unfortunately, long after the smoke of the battle cleared, the odor lingered.

band if she would work as hard at the job of being a wife as the stenographer does at her task. When a woman stuffs her husband on angel food at home he doesn't go around nibbling on sweets in his office.

One and One Make Ten

When two Kroger executives were promoted recently, they left their jobs vacant. So other Kroger men moved up to fill the vacancies. This called for additional promotions until the original promotions resulted in promotions for ten other men. At Kroger there's always room at the top—and one move up always makes many more.

Thursday, August 18

Miss Polly Anna Williams has issued invitations to a luncheon party Thursday afternoon at 5:30 at her home at 622 South Elm street, for the pleasure of Miss Jo Ann Card and Miss Dora Lou Franks, popular brides-elect.

Sunday, August 21

The Friday Music club will present a program at 4 o'clock Sunday afternoon over KXAR, celebrating the birthday anniversary of the club.

Hewitt-Hubbard

Wedding Sunday

The First Baptist church of Arkadelphia was the setting for the wedding of Miss Rosamond Faye Hewitt, daughter of Mr. and Mrs. J. J. Hewitt, and Horace Stringer Hubbard, son of Mr. and Mrs. J. L. Hubbard of Bearden. Vows were exchanged at 4 o'clock Sunday afternoon with the Rev. Edgar Griffin officiating. The ceremony, performed before a setting of white mums and stock in floor baskets against a background of woodwardia fern and huckleberry greenery. Bows were marked with white tapers in floor candleholders. White tapers in floor candleholders were lighted by Richard Whitaker, cousin of the bride, and Roy Scoggins. Mrs. O. J. Harris of Fayetteville sang "Because" and "I Love Thee" accompanied by Miss Belva Jean Crowley who also played the wedding music. The bride, who entered with her father, wore a gown of embroidered organza made drop shoulder fashion with a narrow fold of self-material forming bertha and cap sleeves. The fitted basque waist was trimmed with tiny covered buttons. Deep yoke and elbow length mitts were of silk net. Her fingertip veil of illusion was held to a heart-shaped coronet of pearlized orange blossoms. Her bouquet was of roses and stock, notis centered with a white orchid. Miss Norma Jean Gilbert of Ashdown, maid of honor, wore a frock of blue embroidered organza and marigolds, fashioned with sweetheart neck, puffed sleeves, and full skirts; matching hat of the organza had heart shaped brim. She carried a colonial bouquet of multicolored baby mums, roses, and sephorins. Mrs. James Plate of Mena, bridesmaid, and Patricia Hewitt, sister of the bride, as junior bridesmaid, wore

identically dressed with Mrs. Plate in yellow and Patricia in pink. All wore matching necklaces, gifts of the bride.

Stanley Stanford was best man and ushers were Fulton Hubbard, Roy Scoggins, and Richard W. Whitaker.

The bride's mother wore a dress of navy lace with matching hat, pink and navy accessories and a corsage of pink rosebuds. The groom's mother was dressed in green crepe with brown accessories, and wore yellow roses.

Immediately following the ceremony, a reception was held in the home of the bride. The bride's table was covered with white damask and centered with candleabra holding white tapers and miniature bouquets. Ribbon streamers ended in single carnations edged with maine. Flowers used in the reception room were white mums, gladioli, stock, and tuberoses with multicolored asters. Mrs. Newt Bundy of Hope and Mrs. Paul Whitaker of Springfield, Mo. aunts of the bride, served punch and the wedding cake, assisted by the bride attendants. Mrs. Herbert Stanford was in charge of the brides book.

For traveling, the bride wore a suit of beige, with wheat and honey accessories and an orchid corsage. The couple is spending their honeymoon in Colorado, after which they will make their home in Hope, where Mr. Hubbard is vocational guidance director in the Hope schools.

Of out town guests for the wedding were: Mr. and Mrs. J. L. Hubbard, parents of the groom, Mrs. O. J. Harris, Rev. and Mrs. Edgar Griffin, Miss Alma Brewster, Mrs. Dorothy Jones, all of Bearden.

Mr. and Mrs. Roy Scoggins of Smackover; Miss Norma Jean Gilbert of Ashdown; Fulton Hubbard, Mr. and Mrs. A. B. Welther, Mrs. Marian LaMasney, Mrs. Ralph Templeton, Jr., Mr. and Mrs. C. H. Barnes, Mr. and Mrs. Jack P. Whisnant, all of Little Rock.

Mr. and Mrs. Floyd Lunsley of Malvern; Mrs. M. R. Fletcher of Rosepine, La.; Mrs. J. C. Shideler and Mr. and Mrs. L. W. Ledgerwood of Dawton, Okla.; Mr. and Mrs. C. Robertson of Minden, La.; R. C. Burrows and Miss Cecilia Burrows of Brinkley; Mrs. Paul Whitaker and Richard Whitaker of Springfield, Mo.

Mr. and Mrs. James K. Platte Eof Mena; Mr. and Mrs. Newt Bundy of Mena; and Mrs. Christine Drake of Hope; Mr. and Mrs. Cleddie Har-

per of Conway; Mr. and Mrs. Lewis and Mrs. T. N. Miller of Texarkana, and Mr. and Mrs. Sleepy Harris of Camden.

Andres-White Marriage Announced

Miss Bettye Ann Andres, daughter of Mr. and Mrs. G. I. Andres of Sutton, became the bride of Homer Glen White, son of Mrs. H. L. White and the late Mr. White of Blevins, in an impressive double ring ceremony at the home of Mr. and Mrs. George Garrett at seven o'clock Tuesday evening August 16.

The Reverend Albert Lambert of Sutton read the marriage rites before an improvised altar of floor baskets filled with white gladioli and huckleberry interspersed with candleabra holding lighted tapers in the living room of the Garrett home.

Preceding the ceremony, Miss Wanda Andres, sister of the bride sang "Always". The candles were lighted by Mrs. Kester Holmes and Miss Julia Sutton.

Mrs. Edward Smith, sister of the bride was matron of honor and wore a beige gaberdine dress with brown accessories and a corsage of lilies. Mr. Maylin Anderson served as best man.

The bride was attired in a street length Medici rose Florentine sat in dress with brown accessories and carried a bouquet of orchids and tuberoses.

Following the ceremony an informal reception was held. Mrs.

Bill Galloway presided over the brides cake and Miss Violet Ross served punch. Mrs. George Garrett was in charge of the brides book.

For traveling the bride chose a beige gaberdine suit with brown accessories.

After a short wedding trip the couple will be at home in Hope.

Coming and Going

Mr. and Mrs. John M. Holt left Wednesday afternoon in plane to return to their home in Burlington, N. C. after a vacation visit with Mr. Holt's mother, Mrs. M. A. Holt and other relatives here.

Mr. and Mrs. Doyle Rogers have as guests, Mrs. Rogers mother, Mrs. T. J. Rogers of Nashville and Mrs. Rogers sister, Mrs. J. J. Hick and little son, Jackie of Shawnee, Okla.

In 1931, average meat consumption by Americans dropped to 117 pounds, compared with 145 pounds in 1949 and 151 in 1900.

Steps to the Moon

By Hillman-Curt, Inc. Distributed by NEA SERVICE, INC.

The Story: Gaynel Teare, expected by her mother Emily to marry Barry Bainbridge, is uncertain what to do. Barry has proposed, but Gaynel is undecided—possibly because of Fritz Frey, a man full of energy and fun, whom she met recently. Gaynel is the breadwinner of her family and marriage to Barry would solve many problems. Besides Fritz has not mentioned marriage as yet.

Mr. Thomas Hudt, who, as Gaynel's boss, paid her a quite respectable salary each week for her services as private secretary, was away again. He had taken his camera up into the "wilds of Canada, as much to escape the heat which had descended upon the city much sooner than expected, as to shoot more film for his collection. Gaynel had put in a busy week; the heat had left her practically limp. So she did not office to inform her that he was broke — and could not take her places this evening, as he had promised.

"It's too warm to go dancing, anyway," Gaynel said, covering her typewriter. "Let's just go somewhere and sit; that would suit me to a T."

Fritz said, "Me, too. We can hold hands and look at the moon." He stopped his reckless pacing and plunked himself down in a deep easy chair, leaving a huge sigh. "I still can't make out," he told her. "Why you don't get me a job in this joint. If you think this is work, you should have been holding it around this dump all day in my number eleven." "I suppose this is a snap," Gaynel said, slamming a drawer with a vicious bang. "This place has been a madhouse all week with Mr. Hudt leaving before he had left hanging fire. And it's even too hot to hold hands, thank you. And there isn't going to be any moon. It feels as though there's going to be a nice thunder shower, instead."

"There, there!" Fritz soothed, adopting a soothing tone and quirked one eyebrow at her. "Don't snap my head off, gorgeous. Just because I envy you your squashy soft berth. Besides, you don't have to slave from nine till five, you know. Not with a boy like you."

"If you mean you..." He held up a restraining hand. "You know better than that. I'm offering to take on any more than I've already got. Why, that silly little old hat you're planning to perch on the top of your pretty hat would set me back plenty. mean His Nibs. Toots. The Motor King. If you'd like advice, as I told you long ago before I'd met him, the night he stood you up... remember? — I'd honestly advise you not to marry him. Truly I would. He's a nice enough fellow, but life with him in spite of its comforts, would be stuffy; overstuffed, if you get what I mean."

"I get you," Gaynel said. She pulled the silly little hat further over one eye. She could not afford to look dowdy. Fritz could, and did. He did not give a hoot, to use his own words, about clothes. He would have called on the President wearing that old rived coat and those dark trousers that didn't match, his blue tie that made his eyes even bluer, if possible. Barry had perfect taste, quiet yet outstanding. Gaynel turned from the mirror

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smearing and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Whitesides Hold Reunion Sunday August 7

The Whitesides held a family reunion in the home of Mrs. C. A. Hamilton, Sunday, August 7. This was the first time the four girls and one boy had been together in a number of years.

Out of town guest were Mrs. Clara Peers and daughters of Oregon, Mr. and Mrs. Robert Boicote and son of Port Arthur, Tex.; Miss Stella Whiteside of Detroit, Mich.; Mr. Bill Whiteside of Dallas, Tex.; Mr. and Mrs. Sam Se-ro of Magnolia, Evelyn Rhodes of Little Rock, Mr. and Mrs. Jewell Bruce of Blevins, Velma Lee and Family of Dermott, Ark.

In the afternoon several friends and neighbors visited. The Friendship quartette entertained with several good numbers.

Billy Joe Hoover returned home Wednesday. He has spent the summer with his mother and other relatives in Hope and Prescott.

James Mangum of Hope spent several days with the Lester Hoovers last week.

David Hoover of Murfreesboro spent several days with the Lester Hoovers last week.

Little Miss Bette Smith returned home Saturday from an extended visit with her grandmother, Mrs. Lee Dempsey in Magazine, Ark., and her daddy and family, Howard Smith in Little Rock.

Mrs. John M. Curtis of Cullendale spent the week-end with relatives here.

Mac and Roger Curtis of Cullendale are spending this week with their cousins, Belle and Joe Hoover, and Margaret Ann Bittick.

Alvie Cox, Fletcher Rhodes, and Lester Hoover were business visitors in Hope, Tuesday.

Those attending the family reunion held in the Alongo Hoover home near Prescott Sunday were, Mr. and Mrs. Imen Hoover and Children, Joy, Doye, and Nelda, Mr. and Mrs. Lester Hoover and children, Joe, Bette and James, Mr. and Mrs. Roy Hoover and Mr. and Mrs. J. E. Jordan.

Twelve million pounds of flowers are harvested each year in the South of France to be used as perfume.

Two Who Escaped Criminal Ward Still at Large

Little Rock, Aug. 18 — (AP) — Two men who escaped from the criminal ward at the Arkansas State hospital here early yesterday morning, remained at liberty today.

They are Hubert Lee Craig, 29, committed from Drew county, and Herman Horton, 34, Sebastian county, both facing charges of burglary and grand larceny.

Ollie Ray Dishier, 26, Texarkana, charged with rape of a waitress at Fordyce July 25, broke his leg in attempting to escape. The three sawed locks from a heavy screen and one bar on a window and slid down a rope of torn blankets to the roof of a one-story wing. Dishier broke his leg in the drop to the ground and could go no farther.

Rita Going to Have Baby Is Official Word

Deauville, France, Aug. 18 — (UP) — Prince Aly Khan announced today that his American movie star wife, Rita Hayworth, is expecting a baby.

The announcement confirmed reports that have been circulating in international society for more than a month.

Aly Khan and Rita were married May 27 in the town hall at Vallauris, near Cannes. The wedding reception was held at the prince's sumptuous French riviera chateau nearby.

The prince would not reveal the date he said where his wife dated the baby is expected, nor planned to be at the time.

He made the brief announcement through his secretary when asked about the recurrent rumors of his wife's pregnancy.

"You may officially announce that my wife is expecting a baby," he said.

Aly Khan is the son and heir of the fabulously wealthy Aga Khan, spiritual leader of 12,000,000 Ismaili Moslems who regularly give him gold, diamonds and other precious jewels.

The Aga Khan and his wife, the Begum Khan, came to Deauville a fortnight ago. They said they

wished to find out for themselves whether the rumors of Rita's pregnancy were true.

Their trip was delayed for 24 hours, however, by four holdup men who halted their car outside

their riviera home and stole cash containing \$785,000 worth of the Begum's jewels.

There are about 35,000 bees in the average hive.

ett of Rome, Ga., and Bob Ma-
honey of Texas Christian U., gained
the finals in the national left-hand-
ers tournament.

Miscellaneous
New York — The New York
Yankees announced the signing of
three players from the rival na-
tional football league — Bob Dob-
binst of the New York Giants,
John Mastaglio of the Pitts-
burgh Steelers and Reid Moseley
of the Chicago Bears.

Los Angeles — David Browning
of Dallas won the national AAU
springboard diving championship.
Birmingham — Furushichi of Japan
won 1500 meter free style swim.

day for Saratoga and Camden.

14 Hempstead Students in Magnolia A&M

Magnolia — Eight Hope students
and six other Hempstead county
scholars were among the first 426
early applicants for admission to
State A & M college here for the
fall semester beginning Septem-
ber 5.

Those who filed applications at
least 25 days before registration
begin is Paul Ray Daugherty,
son of Joe Daugherty; Elsie Elder,
daughter of Mrs. L. R. Garner; W.
L. Gunter, Jr., son of W. H. Gunter,
Sr.; Lawrence Wendell Hazzard,
son of B. M. Hazzard; Donald Joe
Laseter, son of J. L. Laseter; Cor-
nelia Flo Petre, 1949 Hope gradu-
ate; Dennis L. Ross, 1948 Hope
graduate; Frank Ellwood
Worthington, son of Harry Worthington.
Others from Hempstead county are
Jesse Anne Burke, daughter of
Jesse Burke; Herbert Edward But-
ler, son of Mrs. Ludie Butler;
Ray Joe Graves, son of Ira
Graves; Troy D. Laba, son of
Dan Laba; Donald Stuart Vann,
1949 graduate of Saratoga;
and Billy Joe Gigg, son of L. V. Gigg.
Dean E. E. Graham said that
several more Hempstead county
scholars are expected to apply for
admission before the September 5
deadline.

Cards Grab Lead; Indians Drop Lower

By JOE REICHLER
(Associated Press Sports Writer)

Cleveland's baseball crown was
slightly askew today, needing only
a couple of more nudges to knock
it off completely.

It is becoming more and more
evident that unless Bob Feller and
Bob Lemon get some much need-
ed pitching help, that world cham-
pionship flag won't be waving
much longer at the Indians' munici-
pal stadium.

Of the highly heralded big five,
only Feller and Lemon have been
coming through of late. Gene Be-
arden has been a flop. Steve Gar-
mek, who was outstanding in the
World Series, has done nothing
this season. Gromek has won four
games this season, and Bearden
seven.

Early Wynn, who took up the
slack during June and July, has
been getting his bumps off late.
The relief brigade, with one or
two exceptions, hasn't been com-
ing through. Cleveland's last
nine victories, Feller and Lemon
have won six.

The Indians went into battle
without Feller and Lemon yester-
day and were nearly scalped by the
lowly St. Louis Browns. They
took a double defeat that may
knock them out of the pennant
race. The Browns won by scores
of 10-6 and 5-2.

The tie is now in third place.
A full five games behind the New
York Yankees.

To protect their lead over the
Boston Red Sox, the Yankees ral-
lied to score two runs in the bot-
tom of the ninth and nip the Wash-
ington Senators, 4-3. The Red Sox
overcame the Philadelphia Ath-
letics, 1-1, in 10 innings.

The Cards outlasted the Cincin-
nati Reds, 4-3, in a 3-inning bow-
tie while the Dodgers bowed to
the Philadelphia Phillies, 11-7.
In the afternoon, a single by relief
Pitcher Freddie Martin scored
Enos Slaughter from second with
the payoff Cardinal run. A five-
run eighth inning uprising snapped
the tie and gave the Phils their
second straight triumph over the
Brooks.

In other games the Chicago
White Sox shut out the Detroit
Tigers, 1-0, and the Boston Braves
outplayed the New York Giants,
Cubs.

Eight Cleveland pitchers tried
in vain to stop the Browns, five of
them seeing service in the open-
ing, but the first game defeat
fell upon Sam Zoladak. Satchel
Paige had a 2-1 lead going into the
seventh, but was shelled for three
runs to be charged with his sixth
defeat.

Gerry Priddy was the batting
leader of the Browns. He drove in
four runs with a single and triple
in the first game, and batted in
two more with a single and homer
in the nightcap.

Fights Last Night

By United Press

New York (Jerome stadium) —
Johnny Saxton, 146 1-2, New York,
outpointed Dave Andrews, 147 1-2,
Lowell, Mass., 161.

Worcester, Mass. — Lew Jen-
kins, 130, Sweetwater, Tex., out-
pointed Don Williams, 140, Wor-
cester, 110.

Syracuse, N. Y. — Lee Sata, 160,
Donora, Pa., knocked out Joey
De John, 160, Syracuse, 161.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

U. S. Pair to Find Stiffer Competition

By STERLING SLAPPEY
(For HUGH FULLERTON, JR.)

Atlanta, Aug. 18 — (AP) — When
the Philadelphia Eagles split the
All-Stars "split T" formation last
week in Chicago, it was the first
time in the nation's football coach-
ing ranks.

You now can count Georgia
coaches like Don Faurot and Bud
Wilkinson who think the "split T"
has a halo and winged feet.

It may be strange for some peo-
ple to imagine a fellow like Dodd,
living in the "split T" after the
Eagles' wrecked it so thoroughly,
but that's what Bobby is doing.

And furthermore, he has more
than casually interested company
among other southern coaches. He
may not be the only one soon to
join Oklahoma's Wilkinson son and
Missouri's Faurot.

Dodd was an assistant last week
to Wilkinson, head coach of the
All-Stars. During training he
learned plenty about the split T,
and no doubt during the game
debacle he learned plenty of things
the new formation can't accom-
plish.

But still, forever optimistic
Bobby came home happy with the
thing that:

So did his line coach, Ray
Graves. Dodd asked that Graves
be on the All-Star coaching cast
and that should have been a tip
that Tech's handling coach was
interested in the formation
that he appeared to be doing.

That unrecognized tip blossomed
when Bobby said Tech would have
a series of split T plays this fall.
If his material is suitable —
meaning if he has a good running,
passing quarterback — the split T
in 1950 will amount to more than a
"series of plays."

Bobby doesn't hold back admit-
ting that.

When he returned from Chicago
last weekend, out spoken and honest as
usual, said, "the split T appears to
be as far ahead of the normal T
as the old T is ahead of the single
wing."

Of course single wing folks like
North Carolina's Carl Snavely,
Dodd, out spoken and honest as
usual, said, "the split T appears to
be as far ahead of the normal T
as the old T is ahead of the single
wing."

Confidence in this formation,
which spreads offensive linemen
and spreading the opposition
and improving run possibilities
shouldn't be associated with Dodd
alone.

At recent Southeastern confer-
ence coaches' get-togethers, there
was talk about fanning out line-
men. And most of the predominate
use of "T" formations is the best
argument over the single wing.

U. S. Pair to Find Stiffer Competition

Brookline, Mass., Aug. 18 — (AP) —
Defending titlists Gardner Mulloy
and Billy Talbert, who have been
compelling under wraps so far, will
find the national doubles tennis
tournament's pressure much heav-
ier when they face off against Aus-
tralia's Frank Sedgman and
George Worthington in a quarter-
finals match today at Longwood.

Only one other major match is
on today's docket, another quarter-
finals duel between the Italian
Davis cuppers, Gianni Cuculli and
Marcello Del Bello and Robert
Andersson and Paul Remy of
France.

The women reduced their field
to the semi-finals yesterday, with
four American pairs surviving.
Louise Brough and Mrs. Margaret
Osborne DuPont, who are striving
for their eighth consecutive nation-
al doubles victories, headed the
advance into the second round.

It will be a day of rest for the
other surviving teams, Richard
Pancho Gonzales and Frankie
Parker, the Wimbledon doubles
winners, Jim Brink of Seattle, and
Buddy Behrens of Fort Lau-
derdale, Fla., Australian ace Jack
Bromwich and Billy Sidwell and
Eric Sturgess and Eustance Pan-
n of South Africa.

Sturgess, however, will engage
in a singles exhibition with Ted
Schoeder, the U. S. Davis cup
standout.

Gonzales and Parker, had a
rugged third-round session against
Arnold Saul of San Diego, Calif.,
and Jack Tuero of New Orleans,
the national intercollegiate titlist.

That highly capable but unse-
cured Gonzales threatened to provide
the day with a stunning upset until
they weakened just enough in the
late stages to enable their highly
rated opponents to put out a 6-4,
2-6, 3-6, 7-5, 8-6 win and survive.

Other competition, the fa-
ther-son and men's veterans'
doubles, also are down to the
quarter-final sages with Wilmer
Allison of Austin, Tex., and J. Gil
Hall of New York, setting the pace
in the latter and defending titlist
Eric Sturgess, Sr., and Jr., of
Chicago, dominating the family
play.

L. R. Cartoonist Wins Third in Contest

Cleveland, Aug. 18 — (AP) — A committee of past commanders of the Disabled American Veterans today picked a cartoon by Leo Joseph Roche of the Buffalo Courier-Express for first prize of \$250 in the organization's third annual newspaper cartoon contest.

Roche's cartoon showed a veteran in a wheelchair with three question marks above his head. The question marks were labeled "Jobs," "Housing," and "Hospital

Space." It was captioned: "Don't forget him." J. Hugh O'Donnell of the Indianapolis Times won the second prize of \$150, and John Kennedy of the Little Rock Arkansas Democrat, took \$100 for third.

Rules required that the cartoons deal with problems of the disabled veteran and be published in newspapers within the past year.

Carrot's Yellow

The yellow color of a carrot is due to carotene. Most green plants retain carotene in their leaves, but some, like the carrot, transfer part of their carotene to their roots, and so become yellow vegetables.

Addition of Germany Would Add Both to the Prosperity and Security of Council

By DeWITT MacKENZIE
AP Foreign Affairs Analyst

The move to make Germany an early member of the Council of Europe — the new brotherhood of old world democracies — is gaining remarkable momentum.

Winston Churchill yesterday again advocated the addition of the defeated country to this 12-nation council which its sponsors hope will develop into a parliament comprising all the European democracies. Britain's famous war-time prime minister, who led his people in the life and death struggle against German aggression, was speaking before the consultative assembly of the council in the ancient French city of Strasbourg whose streets not so long ago echoed to the crash of Hitlerian hob-nailed boots.

Simultaneously in Washington Secretary of State Dean Acheson expressed himself as favoring the acceptance of the new West German republic in the council for Europe. He said the United States believes this would be a constructive step in the integration of a peaceful, freedom loving Germany into the community of western Europe. At the same time the secretary warned the western Germans against abusing the freedoms permitted them by the western occupation powers.

Why should the western democracies be anxious to include in their new European parliament a Germany which has sinned so greatly and so often against its neighbors? At first blush this seems a strange development, and yet it is logical.

There are two prime reasons for this move. The first of course is it not only that is calculated to foster peace but economic prosperity. A healthy Germany is essential to the general well being of western Europe.

The second, and perhaps the more important reason, is that Germany lies in the heart of Europe. Should unhappily such a conflict arise, then most assuredly the powers would want Germany in their camp. If she were isolated and forced to play the lone wolf, fate might drive her into the Bolshevik camp.

Churchill considers the matter vital that he advocates the calling of a special session of the council's consultative assembly in

Fair Enough

By Westbrook Pegler

New York, Aug. 18 — During her long career among the communists, who are, of course, anti-religious and especially anti-Catholic, Eleanor Roosevelt had access to inside information. During her "White House days she called on government officials and employed at will to get information for her. This nails down the fact that she had no excuse not to know the subversive character of communist fronts to which she gave aid and comfort. These fronts all were in the name of some of them actively, anti-Catholic.

The American Youth congress has been identified by the attorney-general's office as a communist front. That means that it favors the violent overthrow of the government.

No avowed communist gave more effective and devoted service to the youth congress than Eleanor Roosevelt. She entertained its leaders at the White House. She spoke at its meetings and the congress. She wrote an article in April 1940 entitled, "Why I Still Believe in the Youth Congress," illustrated with a group picture of three of its officers, all identified as communists in sworn testimony.

This trio appeared before the committee on un-American activities in an uproarious demonstration of contempt for the national legislature. At these hearings she indicated her sympathy with communists and initiated her friend-

December or January to admit Germany to membership. He holds that this would be the greatest and most important of all the questions that are before us."

However, there is no disposition on the part of the democracies to bring into the unification of Europe. British Deputy Prime Minister Herbert Morrison told the Strasbourg assembly he favored immediate steps for unification but advocated caution. With this Churchill didn't differ, commenting characteristically:

"We may just as well see what a girl looks like before we marry her."

This idea of bringing a sinful Germany was labeled the bad boy of Europe and was stood in a corner to repent. Decidedly that didn't work.

The new program can't fare worse, and seems very likely to be a constructive move in the interests of peace and fraternity.

Legal Notice

The annual school election will be held by the qualified electors of the various school districts of Hempstead County on Tuesday, September 27, between the hours of 8:00 a. m. and 4:30 p. m. The electors will vote a millage to be levied for building, debt service and general fund for the operation of schools of their districts. A district not voting at least an 18 mill tax does not share in the equalizing transportation fund or teachers salary fund and such district loses 1/18 of the amount for each mill below 18.

Districts electing board members are as follows: Hope School District No. 1-A elects one director each for Posts No. 1 and 2, Post No. 1 and 2 to serve 3 years each and Post No. 3 to serve for 2 years. Blevins School District No. 2 elects two directors, one for Post No. 1 and one for Post No. 2. Post No. 1 is elected for a 3 year term, Post No. 2 for a 2 year term. Guernsey School District No. 20 elects three directors, one each for Posts No. 1, 2 and 3. Post No. 1 for 1 year, Post No. 2 for 2 years, Post No. 3 for 3 years. Washington School District No. 12 elects 2 directors, one each for Posts No. 1 and 2. Post No. 1 for 1 year, Post No. 2 for 2 years. Hempstead County School District No. 9, Spring Hill School District No. 10 and Searcy School District No. 11 elect one director each for a period of 5 years.

The polling places in these districts will be the same as heretofore designated, with the following exceptions: In Hempstead County School District No. 9, the polling places will be at the Clow School and the Columbus White School. In the Hope District it is necessary to designate a polling place at the Fulton School.

Two members are to be elected on the County Board of Education, one from Zone No. 2 for a period of 5 years and one from Zone No. 4 for a period of one year.

All vacancies of school boards or County Board Members filled by appointment since the last annual school election must be elected by popular vote in this election to complete the unexpired term of the one making the vacancy.

Any district desiring to vote a millage for a bond issue must publish a notice once a week for three consecutive weeks, the first publication to be on or before August 19, 1949.

To place a name on the ballot for school director a petition must be signed by at least 20 electors of that school district designating the post for which he is running and the petition must be filed with the secretary of the County Board of Education at least 20 days prior to the school election. For a name to be placed on the ballot for a position on the County Board a petition must be signed by at least 50 qualified electors of that zone at least 20 days before the election. The final date for filing these petitions is September 6.

The election officials to conduct the annual school election will be selected by the County Board of Election Commissioners and not necessarily by the school board as has been the case in the past.

Signed:
E. R. Brown
County School Supervisor
Aug. 18, 25, Sept. 1, 1949

ship with Joe Lash. During the war she commanded a four-engine military plane with crew and corps of 100 men. She was a press-agent, all at the taxpayers' expense, to fly her to a safe island in the Pacific where Lash was stationed. She resorted to the broken-wing trick, proceeding by a roundabout route to create an impression that she was performing a morale and good-will mission. Having established this deception, she swooped down to Lash and publicly kissed him. In testimony before the committee, Lash said he worked very closely with the communists and attended "two or three meetings" of the ruling board of the Young Communist league but never joined the party.

Mrs. Roosevelt also defended the youth congress in her column and in a speech before the council of southern women. She arranged a dinner at the home of Ed Flynn to raise money for the congress. Further citations would only labor the point. She was honorary-chairman of the American Committee for Yugoslav Relief. Her name was placed above the top of the letter-head which this communist front used to solicit money. Herbert H. Lehman, the ex-governor of New York, joined her in this appeal for Yugoslavia about six months after Dictator Tito shot down five American army flyers who died in the crash.

Lehman hopped to Mrs. Roosevelt's defense when Cardinal Spellman at last acknowledged her active enmity toward Catholicism. There were many communists on the Yugoslav relief. It was a tactical of the conspiracy which Dean Acheson, our secretary of state, recently acknowledged as a grave military threat to the United States. One of the communists on the roll was Frank Borah. Another was George Parinsky. He was arrested recently for deportation proceedings. He has been a Communist party organizer here for 20 years. The committee quietly passed out of existence when Dictator Tito defied Dictator Stalin. Up to that point these humanitarians bewailed the hunger of Yugoslav children. Their concern ended the moment Tito ceased to serve the Kremlin.

Parinsky was executive secretary of the first American Slav congress, also listed as a subversive organization.

In March, 1947, the Roosevelt woman said: "I do not think the communists advocate the overthrow of the government by violence." On Aug. 10, 1949, at the famous communist trial in New York, a defendant admitted that the party did advocate such insurrection.

Whittaker Chambers, who organized treason in the state department during the Roosevelt reign, testified: "You will find in Lenin's work a statement that the one thing the party has to dread above all is outlawing. It must work as a legal party."

In December, 1948, Eleanor Roosevelt was honorary chairman of American Relief for Greek Democracy, which embraced many communists. The sponsors included Pierre Van Paasson, a hack who for a long time appeared on the masthead of The Protestant, an anti-Catholic magazine which she gratuitously endorsed in her column with no mention of its anti-Catholic character. She begged for food for Greek children of "men who died fighting the Axis." The patriotic Greek army also fought the Italian army in Albania while Stalin and Hitler were allies.

She sent "greetings" to "the Soviet women" on "International women's day," a pro-Soviet political festival. "The Soviet women" heard nothing of this. The sole purpose was to flout and promote disloyalty in the United States.

In March, 1946, she was listed as a "sponsor" of the national committee to abolish the poll tax. Same old story. Katherine Buckley Shryver, the executive secretary, was identified as a communist in sworn testimony before the committee on un-American activities. Her brother, Harold Buckles, is secretary to Congressman Al Sabath of Chicago, the chairman of the house rules committee.

Eleanor the Great led the "protest" against a typical deportation in Farrell, Pa., organized by the American Committee for the Property of the Foreign Born. Mary McLeod Bethune, a Negro, cited forty times in the house committee's ominous record, was second on the "protest" roll. The committee for the protection of the foreign born is another outfit listed by the attorney general.

Mrs. Roosevelt sent a contribution to the American League for

Peace and Democracy, similarly catalogued. She was a member of a committee of the National Council of American-Soviet Friendship, still another front.

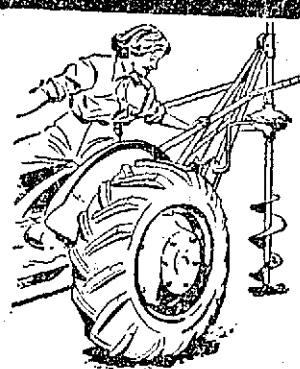

When Cardinal Minzenty was being condemned she quoted a "factual" informant to the effect that the cardinal was an anti-semitic, the greatest opponent of the general welfare of the Hungarian people and the holder of enormous areas of land. Witnesses retorted that the cardinal hid and protected Jews from the Nazis. Fascism was advocated for the United States in its most degraded aspects by Eleanor Roosevelt and Harry Hopkins in considered plans which they published in 1944. The "welfare of the Hungarian people" which the cardinal opposed was a communist propaganda euphemism for Soviet rule. And Eleanor Roosevelt and her brood hold one of the greatest tracts of

land in Dutchess county. The source of her "factual" information about the cardinal was George Seldes, a notorious anti-Catholic propagandist, the communist line.

There is more but I submit that that proves that when a photo existed this woman was on the side of the anti-Catholics. She argued that her support of Cardinal Spellman was a necessary charge. By that rule, her support of communist causes and fronts would prove that she is not a communist.

Cardinal Spellman was right in the first place. He should have stood his ground. In time, it will be necessary to recapture the position which he abandoned through persuasion from a few sordid professional Irish-Catholic politicians of the type described by Tomlinson the Cock as levinine Irish, meaning Irish of no loyalty or principle.

HOW TO SAVE TIME AND MONEY ON FENCES

Which Fencing Problem Is Yours?

- 1 Moving Feed Lots
- 2 Replacing Old Posts
- 3 Rotating Field Crops
- 4 Putting Up New Fence Lines

AT LAST! A Low-Price, Efficient Post Hole Digger That Quickly Attaches to Tractor or Jeep!

End your fencing problems! Now you can buy this new EASY-WAY post hole digger cheaper than you can have holes dug.

Attaches to any tractor or Jeep in less than 15 minutes. Digs 6" or 9" holes up to 48" deep at rate of 40 to 60 per hour.

It's designed to stand up. Sturdy all-steel construction, powerful Man-hite gears, Oilite bearings, case-hardened, removable bit.

On display now! See it... check its features. Find out how little it costs, how much you can save on fencing.

Cuban Fails, Shirley May Is Undecided

Cap Gris Nez, France, Aug. 18 (UP)—Cuban swimming star Shirley May failed in his bid to win the English channel today and American channel aspirant Shirley May France announced she might postpone her bid for one week because of unfavorable weather.

Cortinas, exhausted and with cramps in both legs, was pulled from the water less than six hours and 12 miles out of France.

Shortly afterwards trainers for the 17-year-old statuesque blonde from Somerset, Mass., said that on the basis of the morning weather report Shirley probably would not attempt her attempt for about a week.

However, a final decision will be made later in the day, they said. The announcement said that the British air ministry had reported an "unfavorable outlook for the next 24 hours" and that "unless there was a marked improvement by early afternoon" Shirley would

be returned to England for fresh training. "She is deeply disappointed at the delay but we have taken the best advice possible, including local pilots and weather experts, and it would be unfair to send her off with the odds so heavily against her," a spokesman for the France party said.

Cortinas had tears in his eyes when he was hauled out of the 50-degree water. The waves were so high in the channel they broke over the sides of the vessel, soaking those aboard.

"I started at good speed and thought I could keep it up all the way," Cortinas said. "Then suddenly after about five hours of swimming, I felt a biting cramp in my legs. I tried to massage myself in the water but the high waves made it difficult."

"I will start again and I won't give up next time," Cortinas added.

The Cuban followed the usual Cap Gris Nez to Dover Route, where Philip Mickman, 18-year-old British schoolboy, and Mrs. Will Van Rysel, a Dutch housewife, suffered defeat earlier this season.

The captain of the launch which accompanied him said his swimming style and speed had been extraordinary.

"He started swimming with beautiful even strokes, with a

speed that would have broken the record if he had not had such bad luck on the weather," Capt. A. Evrard said.

"His style was absolutely perfect," Evrard added. "But now the season is well advanced and I do not think Cortinas or any other swimmer can make it this year."

Soil Conservation Group Has a New President

Little Rock, Aug. 18 (UP)—After 12 years, the Arkansas association of soil conservation districts has a new president, R. S. Rainwater of Walnut Ridge. He succeeds Reece Caudle of Russellville.

Other officers elected by the association here yesterday are John Faulkner, Mena, first vice-president; Tom A. Riggs, Poughkeepsie, second vice-president; Everett Rogers, Paragould, third vice-president; J. F. Sloan, Black Rock, secretary-treasurer, and V. O. Turner, Forrest City, M. H. Pycatt, Benton county, Glenn Wallace, Nashville, E. N. Gatlin, Malvern, and E. A. Thompson, Hope directors.

First Christian church.

Sunday, August 21
The Presbyterian Radio Hour can be heard Sunday morning at 7:30 over stations KWKH and WFAA.

Mrs. Hubbard Entertains Missionary Society
The Woman's Missionary Society of the First Presbyterian church met on Monday afternoon at 3 o'clock in the home of Mrs. Floyd Hubbard for the regular monthly meeting.

The devotional and the concluding chapter "Where Love Is Love Never Disappears" from the spiritual life book were presented by Mrs. Jo R. Hamilton.
There being no business the hostess served a delicious dessert course to: Mrs. W. G. Bensberg, Mrs. E. L. Cass, Mrs. Joe R. Hamilton, Mrs. Warren Cummings, Mrs. John Dewdney, Mrs. John Hubbard, Mrs. N. N. Daniel, and Mrs. W. C. Reeves.

Circle 1 of W. M. U. Meets
Circle 1 of the W. M. U. of the First Baptist church met on Monday afternoon in the home of Mrs. Watson White, Jr.

Mrs. Hody Butler opened the meeting with prayer. Mrs. J. T. Mace, circle chairman, conducted the business. Mrs. Leroy Phillips presented the study on "Prayer."

The meeting was closed with prayer by Mrs. Jack Cooper. Funch and cookies were served by the hostess to: Mrs. Butler, Mrs. Watson Cottingham, Mrs. J. T. McRae, Mrs. Wilburn Willis, Mrs. O. J. Stephenson, Mrs. V. I. Wortham, Mrs. Phillips, Mrs. Jack Cooper, president of the W. M. U. and Mrs. McDaniel. The next meeting will be in the home of Mrs. Wilburn Willis.

Mrs. Lewis Hostess to Wednesday Club
Mrs. Harold Lewis entertained the Wednesday Bridge club at her home on Tuesday afternoon. The rooms were colorful with various arrangements of summer flowers. Mrs. Saxon Regan was awarded the high score favor and Mrs. Clarke White the cut prize. A delicious salad plate to members: Mrs. Regan, Mrs. White, Mrs. Guss McCaskill, Mrs. Dallis Atkins, and Mrs. H. H. McKenzie. Guests for the afternoon were Mrs. Orin Ellisworth, Mrs. Charlie Scott and Mrs. J. V. McMahon.

Circle 4 of W. M. U. Meets
Mrs. R. T. Murry was hostess to circle 4 of the W. M. U. of the First Baptist church at her home on Monday afternoon.

The circle chairman, Mrs. Harrell Hines, opened the meeting with prayer and conducted a brief business session.
In the absence of Mrs. L. L. Buchanan, study leader Mrs. Thomas Buchanan presented the study from the book on "Prayer". A delicious sandwich plate was served to: Mrs. Kenneth Coffield, Mrs. J. D. Hines, Mrs. Sidney Loomis, Mrs. Watson Buchanan, Mrs. Shell Mrs. Thomas Buchanan.

an, Mrs. Harrell Hines, and Mrs. Marvin Cottingham.

an, Mrs. Harrell Hines, and Mrs. Marvin Cottingham.

At the meeting of Kiwanis District No. 1 at Prescott last Thursday night, C. V. Holloway of England, Ark. was chosen as a nominee for Lieutenant Governor of the district. Clubs represented were Dorado, Camden, England, Hope, North Little Rock, Hot Springs, and Prescott. This was the first time the district meeting was held in south Arkansas.

J. O. Coleman spent the weekend in McGehee.

Mr. and Mrs. Jack Robey and sons were the weekend guests of Mr. and Mrs. W. C. Robey in Little Rock.

Mrs. Vernon McGinnis and daughter Miss Martha Marilyn of Tulsa, Okla. have arrived for a visit with Dr. J. D. Cornish.

Mrs. Lucille Elgin and daughter Bonnie have returned from Jacksonville where they have been spending several weeks.

Friends of Miss Loyce Stewart will be pleased to learn that her condition is reported satisfactory following an emergency operation at the Cora Donnell hospital.

Mrs. Dwight Westermoreland returned to her home in Little Rock Monday after a visit with Mr. and Mrs. Dallis Atkins.

Dr. J. D. Cornish and Mr. and Mrs. Frank Halton, Jr. and daughter spent the weekend on Lake Hamilton.

Bobby Compton of Little Rock is visiting friends in Prescott.

Mr. and Mrs. R. B. Hardey have as their guests their son Jack Hardy of Tyler, Tex.

Mrs. Harvey Bemis, Miss Mildred Bemis and Mrs. Frank T. Bemis motored to Texarkana Monday for the day.

Mr. and Mrs. Harold Ingram and children Jerry and James Edward have returned from a two weeks visit in Texas and California with relatives.

Fred Posey has returned from Ann Arbor, Mich. where he attended the Univ. of Mich. He will spend the week with Mr. and Mrs. O. R. Peachey before going to Osceola where he will teach music.

Granville Coleman of Little Rock was the weekend guest of his parents Mr. and Mrs. J. O. Coleman.

Mr. and Mrs. Steel Moore and children Sam and Eskeredge Ruth have returned to their home in Dallas, Tex. after a visit with Mr. and Mrs. S. O. Logan.

Mr. and Mrs. Dayne Smelser had as their guests Sunday Mr. and Mrs. Stanley Teskel and daughter Janis of Camden.

Miss Margaret Phillips is spending the week in Bastrop, La. with her cousin Vida Muriel Horne.

Washington, Oregon, Montana and Idaho have 20 per cent of U. S. hydroelectric power and half the estimated undeveloped potential.

"We Clothe the People for Less"

HOPE, ARKANSAS

Mother Has 4th Child Within a Year

Jasper, Tenn., Aug. 17—(AP)—Mrs. Raymond Hix of Whitwell, Tenn., has given birth to her fourth child in less than a year.

The stark made only two trips — twins each time.

A boy and a girl, both reported doing fine, were born Sunday. The first set, also a boy and a girl, was born Sept. 10, 1948.

Hix, a packing house employee, and his wife have two other children, one two years old and the other four.

Desperado's Wife Admits Robberies

Louisville, Ky., Aug. 17 — (UP)—Mrs. June Bircham, 26, wife of the nation's number one criminal captured here Sunday, had admitted taking part in robberies totaling more than \$82,000 in several states, police announced today.

Mrs. Bircham led police to a cache of \$7,510 found in the money was found wrapped in a green raincoat, hidden in a hole about four feet deep on a farm near West Point, Ky.

Earl David Bircham, 45, is charged with the fatal shooting of Patrolman John Tennyson and serious wounding of Patrolman John Ross. His wife, 22, is questioned by police for 14 hours yesterday.

She said the money recovered last night was part of that taken from the centennial branch of the American National bank, Nashville, Tenn., on Aug. 1. Approximately \$25,000 was stolen. Mrs. Bircham also admitted driving the getaway car used in the robbery. Bircham also admitted driving the getaway car used in the robbery. She said the money was hidden the next day.

Mrs. Bircham said her husband also held up the Columbia Manufacturing Co., Louisville, on July 2, 1948. This holdup, in which city Alderman Joseph K. Patrick was wounded, netted about \$1,500.

She said she and her husband got \$19,000 in a holdup of the Nashville Gas and Electric Co., and \$8,000 at the Sullivan Department store at Old Hickory, a suburb of Nashville. She also told how her husband robbed the J. C. Penney store at Montgomery, Ala., of \$8,000. Mrs. Bircham said she stayed in their apartment while her husband pulled that robbery, and recalled he tossed the money on the kitchen table when he returned.

Mrs. Bircham, who had been questioned by police since she and her husband were captured Sunday night, finally gave up her pretense of "I'd like to know you officers, but I can't seem to remember," and started talking.

She admitted Bircham shot two figures, O. policeman on May 29, 1949 when they caught him burglarizing an apartment agency there. The policeman was killed by shotgun blasts fired by Bircham, his wife said.

Reynolds, Union Go Into 3rd Day of Negotiations

Little Rock, Aug. 17 — (AP)—Reynolds Metals company officials and representatives of 1,600 striking CIO united steelworkers of America go into the third day of their strained negotiations here today.

Federal Mediator C. V. Emory said yesterday's talks, in which interpretation of the old "contract" came up, were encouraging.

Interpretation of the old contract was raised by the company's offer to renew the previous contract for one year with a pay increase of four cents an hour for holidays not worked.

Charles E. Smith, union district sub-director, was critical of the Aug. 22 deadline in the company's proposal but said:

"We are hopeful and optimistic that the conflict can be resolved since Mr. Reynolds (company president) Richard S. Reynolds, Jr., said he would send a company representative to negotiate a whole contract."

The union went on strike Aug. 1 when negotiations for a 12 1/2 cents an hour increase and other concessions broke down.

British Socialists Are on the Well Known Spot in Handling New Reich Struggle

By DeWITT MacKENZIE
AP Foreign Affairs Analyst

This column yesterday expressed the view that the outcome of the parliamentary elections for a new government in western Germany constitutes a rebirth of that nation — a beginning of its revival as a power.

If we accept that as a valid premise it opens up startling possibilities. Foremost is the strong probability that we shall see development of a fierce rivalry between Germany and England for leadership of western Europe. Britain already seems to be taking note of this likelihood. For example, the London Daily Express, after referring to charges of German abuse of the Allied occupation powers, says bluntly:

"Should it be too late the British should get tough with the Germans, who have not given up the hope of working out their humiliation and ruin. Great Britain's authority must be restored and this will occur only when she is seen to be strong in her own right."

The Daily Mail says: "German nationalism still lives and the influence of the Nazis is still great. The western allies must be more careful than ever to keep a watchful eye on future trends."

Mr. Churchill's raising the question of German admission to the council of Europe is of great importance. The Allies must keep Germany harmless, but she should be inside the western union because she might either enter the Russian sphere or make a third attempt to dominate her neighbors."

Already Germany, which before the war was the economic keystone of central Europe, is making remarkable strides toward recovery. She was a great industrial nation, and bids fair to be one again in due course despite the penalties imposed on her by the Allies because of her aggression.

Thus the progressive struggle will lie between two industrial powers. Here the similarity stops, however, for as things now are the contest will in effect be between a socialist state and a capitalist state.

The new Germany stands politically for "free enterprise," whereas Britain is in the midst of her "make or break" experiment in socialist government. Of course both regimes might change in new elections, but that's the present situation.

So those who are trying to figure out which is better — socialism or capitalism — will have a concrete demonstration for guidance. It probably won't settle the argument, but it will be illuminating.

Britain achieved her greatest strength as a capitalist nation, and it was as such that she twice defeated Germany in world wars. Now she is in process of creating a political structure which aims at providing security for the individual from birth to death. Free enterprise is not a part of the program.

There are those who point to Britain's present economic crisis as a mark of socialist failure. However, as I see it there is little justification for such an estimate.

John Bull's difficulties are the result of the social wars, two world wars, and not of any one political creed. The socialists inherited the crisis.

Therefore the efficacy of British socialism (if it remains in power) will have to be judged by the manner in which it deals with this crisis, and by the way in which the party handles the great political-economic struggle that seems to be boiling up with post-war Germany.

Meanwhile the world's greatest power remains America, with its "capitalism" and free enterprise, which is to say the exercise of "private initiative."

Little Rock, Aug. 17 — (AP)—Only one section of Arkansas, the north-east, has escaped the boll weevil infestation according to the crop reporting service.

The report said weevils are beginning to migrate in Cross, Drew, Jackson, Jefferson and St. Francis counties and that cotton

Explorer Says World Below Unbelievable

Smuggler's Cove, Calif., Aug. 17 — (AP)—An "unbelievable world," 4500 feet under the sea and filled with weird and wondrous creatures, has got its first glimpse of man.

The strange, luminous forms of marine life which inhabit the depths of the ocean yesterday saw a white sphere suddenly lower itself into their midst.

Inside the sphere was a creature they had never seen before — a man.

A series of spiraling shrimp hurried themselves in a barrage against a window in the sphere through which the man was intently peering.

Their attack was in vain. They only splattered against the window. The man was Dr. Barton, marine explorer, who in his new diving bell, the benthoscope, set a new deep sea diving record yesterday. He descended to 4,500 feet, bettering his own record of 3023 feet, achieved in 1934 off Bermuda with Naturalist William Beebe.

Barton telephoned his observations to an assistant on the barge from which the benthoscope was being lowered by cable.

At 400 feet he said: "There are a lot of lantern fish passing by now. They're big fellows and they're jumping all over. Now the fireworks are really starting. . . . There's a creature that looks like a long pipe with a row of lights along it. I don't know what it is. . . . At 400 feet he said: 'There are so many things going by that it kind of makes me dizzy.' At 4100 feet the lights illuminating the area outside his window went out, but Barton dropped on down to 4500 feet.

More Senences Handed to Girls Who Started Riot

Little Rock, Aug. 17 — (AP)—An additional 167 1-2 days imprisonment faces the two teen-age girls who touched off the riot and prison break at the Arkansas Girls Training school Sunday.

Meanwhile officials of Saline county, in which the school is located, are investigating the outbreak and the institution's board of control was to meet with Governor McMath here today for the same purpose.

Ruby Ann Watts, Crawfordville, Tenn., and Juanita Elsie Mullins, Little Rock, were fined \$167.50 each by Justice of the Peace W. N. Hinnicutt in Benton yesterday.

The two, drunk on rubbing alcohol smeared from the school infirmary, staged a brawl in their rooms, and during the excitement five other inmates fled.

They were charged with destroying public property and disturbing the peace before Justice Hinnicutt. He said if unable to pay the fines, the girls would have to serve them out at the school at the rate of \$1 a day "beginning when they're released on what they're in there now for."

Deputy Prosecutor Ben McCray and Deputy Sheriff Fred Martin of Saline county began an investigation of the school riot yesterday. Their findings may be turned over to the Saline county grand jury.

The school board of control, at its meeting today will investigate the outbreak and also consider a report by a committee of the Arkansas Council on Children and Youth which is highly critical of the school and its administration.

has stopped blooming in areas of heaviest infestation.

On crop conditions, it added that early cotton is maturing with late cotton fruiting well in the north-east, but only fair to good elsewhere. McMath and his revenue normal progress with late corn making good growth.

Convicted Rapist Breaks Leg Trying to Escape

Little Rock, Aug. 17 — (AP)—A magazine salesman charged with raping a 16-year-old waitress broke a leg and two undergarment companions escaped after they sawed their way out of a third-floor ward at State hospital early today.

The injured man is Ollie Ray Doshier, 26, of Texarkana. When he straddled to officers last month after hiding in south Arkansas bottoms for a week he said he gave up because he had been bitten by a snake. He broke his left leg in dropping from a second story projection to the ground and was recaptured.

Deadlock in Money Bills Appears Ended

Washington, Aug. 17 — (UP)—A break in the deadlock holding up funds for major government agencies appeared near today as the house began consideration of an emergency financing resolution.

The resolution would allow the affected agencies to operate on a stop-gap basis until Sept. 15 to give congress more time to take final action on 1950 appropriation bills.

The 1950 fiscal year started July 1 but money bills for some big agencies, including the military establishment and the veterans administration, still are bottled up on Capitol Hill.

A seldom-used ruse was invoked today by the appropriations committee to get house action on a temporary financing resolution. The rule permits committees to call up for a vote on Wednesday any week any bills they have approved.

The appropriations committee used that rule to bring up the emergency resolution.

One agency already has cut down operation as the result of a lack of funds. The economic operation administration announced it has halted further grants to Marshall plan nations until congress acts on its appropriations.

PLANES PATROL THE INCH LINES IN TEN STATES

Early this week, a small plane took off from Beaumont, Texas, on a regular weekly flight to New York City, 1,500 miles away. Its pilot was flying as low as possible, almost "hedge-hopping," and his route would have made an airline pilot wonder.

Actually he was doing a difficult and highly specialized job. He was inspecting and patrolling every mile of Texas Eastern's natural gas pipe line system.

Aerial patrol is the newest, most effective way of inspecting underground pipe lines. Flying the lines" every week in the year, these pilots can spot many things from the air that a line walker on the ground would miss.

Potential leaks and wash-outs are principally what the pilot looks for. He checks dozens of river crossings and hundreds of small ravines where a flash flood might wash the pipe to the surface.

Timely warning prevents damage

As he flies over Arkansas, Missouri and southern Illinois, the first sign of a new rain gully may be the signal for him to radio Texas Eastern's nearest office.

Acting on the pilot's report, a maintenance crew drives to the scene, and often stops the damage before it starts with a few well placed shovelsful of earth. If the job is a big one, division foremen and engineers bring up heavy equipment to do the work. In either case, the vigilance of the air patrol pilot pays off.

Texas Eastern's air patrol goes on summer and winter, through the "cold front" areas of Indiana and Ohio and over the dangerous Appalachian mountains of Pennsylvania.

Snow on the ground does not hinder the pilot. In fact, melting snow on the right-of-way often helps him mark the route of the pipe lines. Texas Eastern's stations in 34 communities are milestones on his flight.

Texas Eastern's weekly air patrol is one of many measures which aim at constantly safeguarding and improving the Big Inch and Little Big Inch pipe lines.

Try Once More With Arms Thomas Urges

Washington, Aug. 17 — (AP)—Socialist Norman Thomas urged congress today to take the lead in one more attempt at world disarmament before voting to send military supplies to Europe.

Thomas testified before the combined senate foreign relations and armed services committee as the house prepared to open debate on the administration's \$1,450,000,000 foreign arms bill.

House leaders said they are confident the measure will be approved, possibly by Friday, without substantial change in its terms.

Thomas, many times a candidate for president, told the senators he thinks any arms shipments under the bill should be delayed until a coordinated defense of the North Atlantic community is worked out.

"Such concerted agreement for defense would have a practical and moral backing now lacking, if proceeding any further expenditures in the ghastly arms race, an effort were made by the United States or by the nations in the Atlantic pact through the United Nations to bring about universal disarmament under effective international controls and with international provision for security," he said.

Approved.

The appropriations committee used that rule to bring up the emergency resolution.

One agency already has cut down operation as the result of a lack of funds. The economic operation administration announced it has halted further grants to Marshall plan nations until congress acts on its appropriations.

Levee Job Bids

Little Rock, Aug. 17 — (AP)—M. and L. Construction company of Little Rock yesterday submitted the low bid of \$4,470 to the U. S. engineers for repair of the T. A. Gibson levee on the Arkansas river in Jefferson county.

Col. T. A. Lane, Little Rock district engineer, also said the engineer corps has accepted the re-vestment built to halt bank erosion at the Arkansas river free bridge in Jefferson county. The job was done by McGeorge Construction company, Pine Bluff at a cost of about \$300,000.

Asked Stalin to Speed Radio Action

Washington, Aug. 17 — (AP)—U. S. Ambassador Alan Kirk asked Premier Stalin to speed action on American protests against jamming of the Voice of American radio broadcasts. Secretary of State Acheson disclosed today.

Kirk called on the Soviet leader Monday night. Acheson told a news conference that it actually was a courtesy visit and was limited almost entirely to an exchange of courtesies between the new American ambassador and the Russian premier.

However, he added, Kirk did mention to Stalin two points currently at issue in Soviet-American relations. These, Acheson said, are the Russian jamming of American radio broadcasts and the long drawn out negotiations on a final settlement for wartime lend-lease.

On both points, Acheson said, Kirk simply expressed hope to Stalin that the foreign office would consider the two matters so that the two governments can get on with the business of solving the

Rare African Plants Sought for Drugs

Washington, Aug. 16 — (UP)—The public health service reported today that a two-man American team is in Africa collecting samples of a plant which scientists believe may produce a drug which has proved potent in treatment of arthritis.

The only present source of the drug, a hormone called cortisone, is ox bile. But production from that source is so limited that it is inadequate for research alone, much less treatment.

The African plant is "strophantus sarmentosus" which grows rankly in many parts of the continent, including Liberia. A Swiss scientist, Prof. Tadeus Reichstein, has obtained a substance from seeds of the plant which may prove to be a plentiful raw material source for the wonder-working drug.

The U. S. expedition, sponsored jointly by the agriculture department and the public health service, consists of a chemist and a botanist. Before returning, the chemist will confer with Prof. Reichstein in Basle.

Because of the far-reaching consequences of production of cortisone from a plant which may be raised commercially, the government had petition secret.

Syphilis

GO TO ANY HEALTH DEPT.

The heat is on to meet a winter deadline . . .

Texas Eastern is building 360 miles of pipe line this summer as part of a new construction program to enable it to render more service. In three of the ten states through which the Inch lines pass, pipe line crews are rushing this work to completion before winter arrives. One of the many complicated

steps in constructing these new pipe lines is shown above. Here, in a single operation, the crew of a priming machine polishes rust and scale off the pipe and applies a coat of hot tar enamel. Other machines put on glass fibre wrapping and additional coating to protect the new pipe in the ground.

WELDERS ADD A MILE A DAY TO TEXAS EASTERN'S SYSTEM

Under rivers and highways and over hills the new sections of pipe line go forward at the rate of over a mile a day. When the work is finished, welding crews will have joined together some forty-eight thousand 40-foot sections of steel pipe weighing a total of 62,000 tons. Constructing these new facilities will cost an estimated \$24 millions, much of which will represent local payrolls and purchases.

ENGINEERS SPEED NEW CONSTRUCTION AT COMPRESSOR STATIONS

Five new compressor stations are being built to serve the Big Inch System, and four existing stations are being enlarged. When this new construction is completed early next year, there will be 26 stations and 272,000 horsepower to help carry natural gas through the Inch lines. This continued progress helps Texas Eastern fulfill its responsibilities as a good citizen in your county.

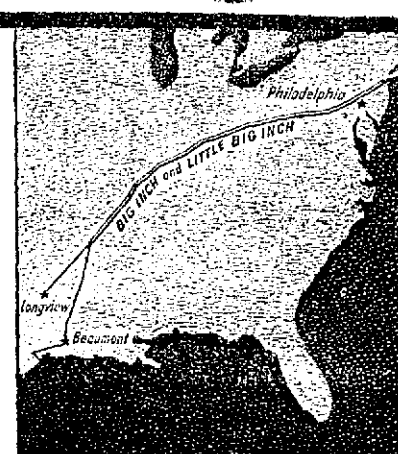

TEXAS EASTERN

TRANSMISSION CORPORATION

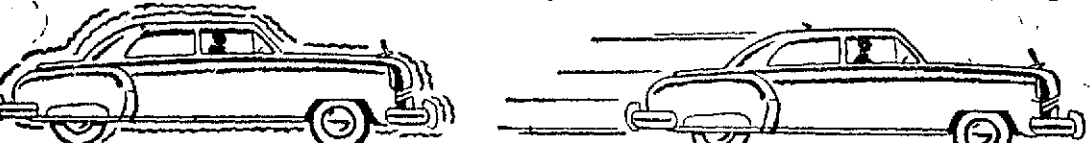

Owner and operator of the Big Inch and Little Big Inch pipe line system, is represented in community life of ten states where its employees live and work.

Home office of Texas Eastern is at 306 Milam Street, Shreveport, Louisiana.
